#### **Materials Recommendation**

For this course, we recommend using premium-quality materials, as they significantly impact the outcome of your artwork. Watercolour is one of the most complex techniques, and high-quality materials can make the process more manageable and enjoyable.

All materials have been carefully selected to maintain the high standard of the course. Fabriano is the preferred brand of paper, but Canson Montval Watercolour Pads 300gsm A3 can be used as a more affordable alternative.
